

Iškirpk apskritimus apačioje.

Nuspręsk, kas naudinga dantukams ir įklijuok į apskritimus aplink besišypsantį dantuką, o kas kenkia - aplink nusiminusį.

Two cartoon teeth are shown. The one on the left is smiling and has four stars around its head. The one on the right is sad, with a single tear on its cheek. Each tooth is surrounded by six empty circles, arranged in a 2x3 grid, intended for pasting items that are either good or bad for teeth.
